

## Pre-formal Update Spring 2019

In Form LR/DB we have been going on a magic carpet ride to China - here we celebrated Chinese new year, ate yummy food and made fans! We have also just arrived in Australia and have created some Aborigine Art.

Our magic carpet takes us through all types of weather too - we had a Horticulture lesson on rain and used umbrellas, blue glitter and water spray!

In Form AS they have also been travelling on a home-made magic carpet ride (shown below) to Thailand and have just arrived in Canada!

They made Canadian Wreaths!

Here are the drums they made in Thailand.

They have also started a new Hygiene lesson this term - the pupils have been doing really well with choosing "whats next" and love exploring all the fun resources!

In Form RB they have been learning about Welsh Legends. -they have been looking at The Kings secret and made rabbit ears and flags!

In Form EM they have been on a magic carpet ride which they have designed themselves - the picture above is taken from a section of it.

They went to China and here is "Oliver's name!" (above)

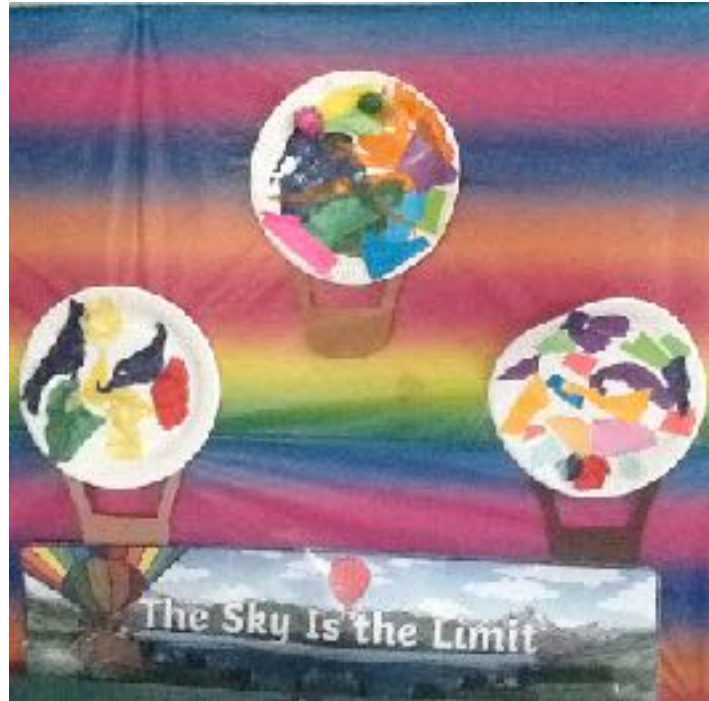

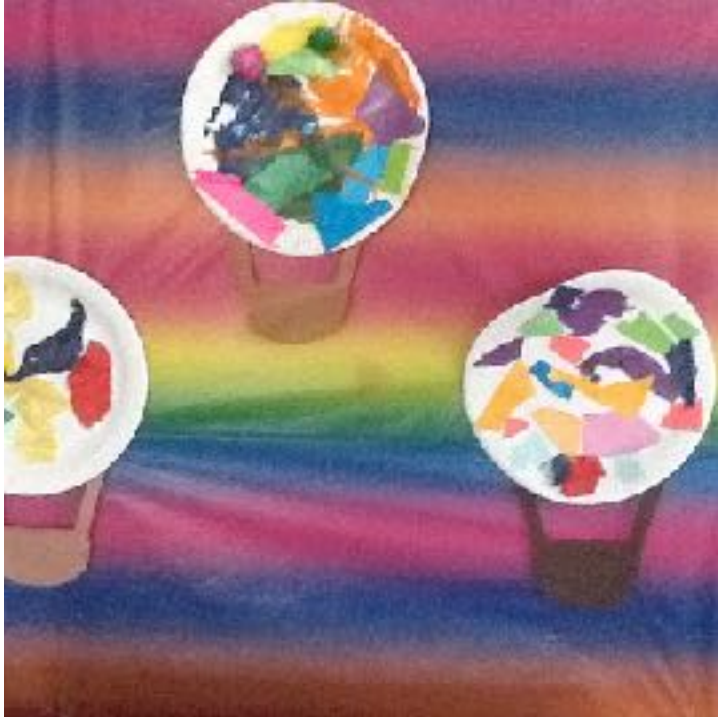

They made lanterns too!

Here are the masks they made from their trip to Mexico!

In Form ZD/NB they have been learning about “flying!” They have made hot-air balloons and kites!

After half term they will be moving on to look at Mary Poppins!
